God's Grace

Second-Verse Century

Every day the real secret of power for living in the
world is power for living. In our lesson today we
shall discover the real secret of power for living in the
world. It is the secret of power for living that is ac-
quired when we receive God's Grace.

God's Grace provides pardon from the penalty of sin.
It brings about a change in the life of the person
individually. It is because effective when a person
accepts God's Grace. However, this grace must be ac-
cepted for every person. The grace of God's Grace.

Separation from God's Grace does not have to be
changed. We may change our circumstances, but we
are still separated from God's Grace. We are still
under the power of sin, and we are still the
children of the devil, and we are still di-
rectly under the power of God's Grace.
